Story:

Jack was at the park with my sister on the morning of Friday 2nd October. He saw a squirrel and ran after it and away from my sister. Jack is especially nervous around strangers and may be difficult to catch. He is not aggressive towards people or other animals. Jack is on medication for a thyroid problem and needs to take it daily. PLEASE call if you see him or are able to capture him. He is part of our family and we miss him terribly!
